

OUR MISSION:

Saint Paul is a diverse, caring community. Through relationships with each unique individual, we provide a healing environment with spontaneous and creative growth.

Martha Robinson

"Nobody can go back and start a new beginning, but anyone can start today and make a new ending"

St Paul Parkside

OUR HISTORY/STORY

St Paul Health Center is a privately owned and operated Short-term Rehabilitation Center and Long Term Care Community. Located in the South City Park Neighborhood, adjacent to Denver's City Park, we are a 155 bed skilled nursing facility and rehabilitation center. St Paul has served the community's skilled nursing and long term care needs for over 30 years and continues to work with our local hospitals and community organizations to meet the needs of our

OUR VISION:

Saint Paul is a vibrant evolving community that inspires growth and individual choice in an enriching environment.

residents and families. Feeling at home is easier when you feel like part of a family, and that is our goal at St Paul.

PARKSIDE AT ST. PAUL

Parkside at St Paul is a revolutionary idea in rehabilitation and post-acute care. We created Parkside at St Paul to give our community the opportunity to receive the rehabilitative care they need in a luxurious and comfortable environment. Our focus is to promote healing, autonomy, and provide the best personalized care. Parkside is an intimate unit that accommodates up to 30 guests in our fourteen private and eight semi-private rooms. Each of these guests rooms are complete

with individually controlled heating and cooling units, wireless internet access, flat screen televisions and private in-room telephones. When you walk into Parkside you will know you are some place special. Relax and socialize in our living room, dine on fresh quality foods, and enjoy the hospitality and compassion our staff provides.

In the state of the art therapy gym, guests will receive individualized therapy with in house Physical, Occupational and Speech therapists. Guests will also have access to a full sized therapeutic kitchen and bathroom, giving seniors practical skills to be successful to transition back home.
